

2nd Circular 2012 PBC & SEGH Conference

2012 Joint International Conference on
"Pacific Basin Consortium" and
"Environmental Geochemistry & Health"

Date. 2012. 04. 10 - 2012. 04. 13

Place. GIST, Gwangju, South Korea

Themes

- Environmental determinants of quality of life, including water resources, sediment and soil pollution and climate change
- Engineered solutions to hazardous waste problems including treatment of hazardous substances, regulatory solutions and approaches to hazardous substance control
- Contaminants, including sources in the environment and routes of human or environmental exposure
- Perception and communication of environmental health risks and social inequality
- Sustainable urban water quality management: challenges and options
- All other environmental quality and human health issues
